## Electric Blanket

Over- | Underblanket | Patchwork Design

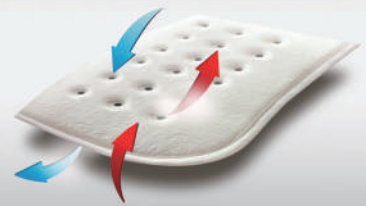

No more enduring stuffiness, and enjoy a pleasant sleeping experience ever after!

Wellcare BBC (Best Bed Climate) Design originated from the elements of 4D DWF Technology, breath, warmth, and nature. When the warmth is generated, it interacts with cold air and moisture and is delivered through each visible 4D DWF opening to your body.

The blanket is versatile and can be used alone or with family; it is perfect for snuggling up with a good book on the couch or relaxing on a chaise lounge.

The patchwork design, it symbolizes a connection between the past and present, tradition and modern, heritage and innovation; and delivers comfortable warmth in each exquisite stitch. Unwind and recharge amidst life's chaos. Embrace tranquility for a happier journey ahead.
